FARE

F.A.R.E. is a collection program that began in 2002 with goals of compliance and respect of court ordered assessments and the law. The program is a public/private partnership involving the courts, Motor Vehicle Division, Arizona Department of Revenue, and ACS State and Local Solutions, Inc.

FARE provides a full range of Collection and Order Enforcement Services which include:

- ▶ Reminder Notice
- ▶ Two Delinquency Notices
- ▶ Referral to TTEAP (Traffic Ticket Enforcement Assistance Program)
- ▶ Credit Bureau Reporting

- ▶ Web-Based and IVR Credit Card Payments
- ▶ Skip Tracing

- ▶ Phone Calls
- ▶ Wage Garnishment (when appropriate and authorized by the local court)

- ▶ Referral to TIP (Tax Intercept Program)

- La Paz County Superior Court went full FARE June 1, 2006.
- Once an offender is referred to the program a \$35 delinquency fee and a 19% interest charge are added to the outstanding fines and fees owed to the court.

TTEAP - Traffic Ticket Enforcement Assistance Program

The TTEAP is designed to assist the State Government in enforcing fines and fees imposed on individuals as a result of convictions in Arizona courts.

To enforce the collection of these fines and fees, the Motor Vehicle Department determines which individuals owe money as a result of fines, fees, or convictions in any and all courts in Arizona. The MVD will then put a hold on all future registration of vehicles owned or co-owned by that individual. That individual will be required to contact the courts that have indicated there is money owed and satisfy those debts. Once MVD has been notified that the individual has satisfied their debt, the individual and/or co-owner may once again proceed to register their vehicle(s).

DSO – Debt Setoff Program

The Debt Setoff Program (DSO) was established to hold offenders accountable for financial obligations owed, to assist in the enforcement of court orders, and to increase collections in the Arizona court system. A participant provides the name, social security number (SSN) and the full amount of the debt owed to the DSO program and if a debt claim matches with a taxpayer's refund or lottery winning, an intercept will occur.

Arizona Tax Refund Interception

A.R.S. § 42-1122 allows the Arizona court system to participate in the Arizona Department of Revenue's DSO program. The DSO program enables participants to intercept Arizona state income tax refunds if an outstanding amount of \$41 or more is owed.

A taxpayer, whose refund has been intercepted, may call the DSO Interactive Voice Response (IVR) in the Phoenix Metropolitan area at (602) 364-0110 or toll free 1-877-435-3829. The caller

must enter their SSN and follow the prompts when instructed. It is also advised that the caller listen to the entire message in the event they have been entered into the program by more than one participant. The caller will receive information regarding which participant(s) they can contact and provided with the participant(s) phone number.

Arizona Lottery Winnings Interception

A.R.S. § 5-525 established a debt setoff program by which Arizona Lottery winnings of \$600 or more could be intercepted to collect delinquent debts of at least \$100.
